

Okmulgee County Rural Water Dist. # 4

20270 Hwy 52

Morris OK 74445

(918) 733-2441

6-08-2021

In an effort to maintain sufficient water quantities and pressure for all customers, the Board of Directors of Okmulgee County Rural Water District No. 4 hereby declares a restriction of water usage of not more than 10,000 gallons of water per month per benefit unit (customer).

Any customer using 10,000 gallons or more of water for two (2) months in a three (3) month period will be required to pay for a hydraulic analysis to be performed by the district's engineer. Current cost is \$250.00.

In the event the water analysis, in the sole discretion of the board, reflects the customer's usage should not exceed 10,000 gallons per month, such restriction will remain in full force and effect. Failure of the customer to comply with such restriction may result in disconnection of water service and/or forfeiture of customer's benefit unit.

A handwritten signature in cursive script, appearing to read "Steve Finch", is written over a horizontal dashed line.
